

LISTA PRECIOS HELIOCENTRIS

(Válida a partir del 01 de Enero de 2004)

	REF.	DESCRIPCIÓN	PVP sin IVA
Lessonbooks	360E	Hydrogen Technology and Fuel Cells / Course Program (Vol. 1-4)	56,91
	361E	Energy through Hydrogen / Research Notes (Vol. 4)	22,76
	362E	Science through Hydrogen / Clean Energy for the Future (Vol.1)	22,76
	363E	Chemistry through Hydrogen / Clean Energy for the Future (Vol. 2)	22,76
	364E	Physics through Hydrogen / Clean Energy for the Future (Vol. 3)	22,76
	365E	Multimedia-Package	45,53
Modelcars	112	Methanol Fuel Cell Car	135,31
	349E	Hydrogen fuel cell model car, Basic	171,98
	352E	Hydrogen fuel cell model car, Demo	226,64
	354E	Hydrogen fuel cell model car, Complete	333,84
	346E	Solar module as extension	69,55
Science Kit	350E	Solar-hydrogen-technology science kit	310,65
	351E	Solar-hydrogen and fuel cell starter kit , incl.360E	239,00
	353E	Dismantleable fuel cell	156,80
	355E	Solar-hydrogen-technology science kit complete	582,78
	357E	Methanol fuel cell	120,13
School	115E	School Complete in a carrying case (322PE)	657,56
	307E	School methanol fuel cell	257,96
	320PE	School Basic with PEM electrolyser	336,36
	322PE	School Complete with PEM electrolyser	515,93
Professional	371E	Professional solar module	308,55
	372E	Professional PEM electrolyser	610,78
	374E	Professional PEM fuel cell	381,89
	377E	Professional load module	212,44
	379E	Professional measuring instrument	887,71
	390E	Professional Basic	959,78
	391E	Professional Demo	1.656,56
392E	Professional Complete	2.416,26	
Instructor	610E	Fuel Cell module FC50	Consultar
	620E	Electronic Load EL 200	Consultar
	621E	DC/DC voltage converter VC 100	Consultar
	622E	Traffic light circuit TL 10	Consultar
	630E	Hydrogen supply Option I (international country code necessary)	Consultar
	642E	Hydrogen supply Option II (international country code necessary)	Consultar
	652E	Hydrogen supply Option I (international country code necessary)	Consultar
	600E	Instructor Basic	Consultar
	601E	Instructor Off-Grid	Consultar
	602E	Instructor Complete	Consultar
HP	510E	HP 300 Co-generation System including transportation, installation, start-up and introduction training through heliocentris staff in Europe	Consultar
